Hi Michael
Thx for all your support. I now have to contemplate my next step.
Please give me some time.

What is the LAST date you can still order a 2016 LS460 With ALL safety and luxury features?.

And what is the first time you know What they have in 2017?

And when in 2017 you get the car if you personally design it for the 2017 LS460 and order it immediately when the details of the 2017 model became known?
I'll appreciate being answered.
Best
EB
